

INTARG® 2022  
Jubilee 15th Edition of  
International Invention and Innovation Show

The 15th anniversary Edition of International Invention and Innovation Show INTARG® 2022 will be held from 11 to 12 May in the Katowice Spodek/International Congress Centre in Poland. The show is organised by Eurobusiness-Haller Company in association with Haller Pro Inventio Foundation. Katowice City co-host of the fair is the first city in Middle-East Europe to receive European City of Science in 2024 title. The title comes with the organisation of EuroScience Open Forum 2024 which is dedicated to science and innovation. INTARG® is also being supported by plenty of others prestigious institution. The Main Honorary Patronage is Ministry of Economic Development and Technology and the Main Partner of the Fair is World Intellectual Property Organisation (WIPO).

The purpose of the show is to help form international base of business connection among various members in the word of science, business and finances. INTARG® is a place to exchange knowledge, technology transfer, promotion and invention commercialization.

Essential part of the show is INTARG® Competition. The most interesting solutions assessed by an international jury will receive prestigious awards, including: Award of the Chairman of the International Jury or World Intellectual Property Organisation - WIPO Award.

The main prize, grant by Jury is Grand Prix. Those and many more honours will enhance exhibitors status on market and their credibility in future contacts.

The show will be accompany with 2 days conference discussing important matters for synergy of science, economy, technology transfer and creating friendly innovation ecosystems. Except for INTARG® Competition program includes presentation of exhibitors, discussion panels and official Networking cocktail.

International Invention and Innovation Show are excellent occasion not only to establish cross-culture collaborations but also to display new inventions and innovations form many fields and areas.
