The 19th INTARG® International Invention and Innovation Fair will take place in Katowice around June 2026. This is an event with a broad scope - interdisciplinary, national and international

OBJECTIVES

- presenting inventions and innovations (technologies, products, services) from various industries and fields for their market - oriented promotion, implementation, and commercialization
- creating an international platform for the exchange of information and contacts
- creating an innovation ecosystem through the synergy of science, industry and business, and disseminating good practices in this area
- spreading knowledge about innovation management, intellectual property protection, and obtaining funding for development based on innovation

RANK

The INTARG trade fair has developed a high international standing over the years, as evidenced by its annual support from top-ranking national and international institutions, including - as the only one in Poland and one of the few in the world - the World Intellectual Property Organization (WIPO) (one of 16 UN agencies)

LOCATION

INTARG® takes place in Katowice which is the Upper Silesian and Zagłębie Metropolis (GZM) – the only metropolis in Poland (41 cities and municipalities, 270 tys. enterprises, thriving scientific centres). The GZM is an initiative for development and creation of a friendly atmosphere for business and investment based on innovation. Those are programmes for the development of science under the Metropolitan Science Support Fund, and numerous projects, aimed to improve the quality of life, public health and ecological transformation.

EXHIBITORS

REPRESENTATIVES FROM MANY COUNTRIES, REPRESENTING

- science entities
- SME's and large enterprises
- Start-ups, young inventors
- Local governments, institutions and other entities supporting science
- industrial associations
- entities offering consulting, financial,

etc. services

VISITORS

Anyone interested in innovations and inventions, both for business and educational purposes, including:

- Business entities interested in science, expanding their offerings with innovative technologies
- institutes supporting research, innovation and implementation
- entrepreneurship and development companies
- media

EXHIBITION INDUSTRIES

- industry (machinery and equipment, engineering, metallurgy, electricity and electronics, energy, textiles, construction, etc.)
- transport and logistics
- environment/biotechnology/nanotechnology/chemistry
- health/medicine/fitness
- sports, rehabilitation, recreation, tourism
- social innovations
- food industry
- safety and security
- IT
- everyday items
- services, consulting, insurance, finance
- young inventor

The following events will be organized as part of the **INTARG® 2026 Fair**:

19TH INTERNATIONAL INVENTION AND INNOVATION FAIR INTARG®

The INTARG® contest is an integral part of the fair, in which a panel of jurors evaluates the innovative solutions and inventions submitted for the competition and inventions (products, technologies and services), selecting the most interesting ones and awarding prizes and medals. Jury members are renowned polish and international scientists, and experts. During the INTARG® 2026 Final Gale, the highest-ranking awards will be presented by the jury and patrons of the event for the most interesting solutions:

- Grand Prix, Award of the Jury President, WIPO awards in several categories
- Platinum awards
- Diamond awards
- Awards for innovative solutions with high TRL levels
- Prizes donated by patrons, partners and foreign delegations
- Gold, silver and bronze medals

THE INTARG® 2026 FINAL GALA

The Gale with the participation of VIP guests and a rich artistic setting will be combined with the presentation of top-ranking awards and prizes to winners of the competitions:

- 19th edition of INTARG® Contest
- 24th edition of the Promotional Emblem INNOVATION LEADER®
- 21th edition of YOUNG INVENTOR Competition
- 32th jubilee edition of TOP Inventions Exchange

CONFERENCES

The program includes conferences, discussion panels and speeches of scientists, industry representatives and business, as well as VIP guests. They will be devoted to the synergy of science and industry, knowledge and technology transfer to the economy, and intellectual property protection. Themed panels will also be held at the Fair with simultaneous online access.

THE EVENT SPACE IS DIVIDED INTO AREAS

- EXPO –individual and joint stands: national, institutional and thematic (Top Polish Inventions Exchange, Young Inventor, Start-Up International)
- CONFERENCE - discussions panel, speeches, shows
- B2B MEETINGS –International Matchmaking Event INTARG® 2026
